

55.C program to delete a file

```
#include <stdio.h>

int main()
{
    char filename[100];
    printf("Enter file name: ");
    scanf("%s", filename);
    if (remove(filename) == 0)
    {
        printf("File deleted successfully.\n");
    }
    else
    {
        printf("Error deleting file.\n");
    }
    return 0;
}
```

-----Question 55-----

55.C program to delete a file

-----Answer-----

executables/55\_del-file

/home/s4ms3pi0l/Documents/AssignEase/C\_Programs/55\_del-file.c

Compilation successful.

Enter file name: /home/s4ms3pi0l/Documents/output.txt

File deleted successfully.

Press the Print Screen button (or press 's' to exit)...
